Messrs. S. H. & H. Chapman,

1348 Pine St.,

Phila., Pa.

Dear Sirs:-

Have been away on my vacation or would have answered before. The coins which I have were taken for a loan and to get out whole I must get $75.00 for same. The old gentleman who collected them says, they are worth $125.00. They are all different dates and experts say a fine collection. I would prefer to sell the entire lot to one party, but if there are any coins you may desire, if you will let me know, I will quote on same. I have been offered $8.00 each for the 1799 and 1804 cents, which are perfect in every way and are genuine. My 1856 cent has been altered. The Sommer Island Shilling coin is a reproduction.

Trusting you will be able to see your way clear to give $75.00 for the entire collection, I remain,

Yours very truly,

E. J. S. VanHouten
